

## AMC Access360

# A single platform for your actively managed certificates

Since it was founded in 1845, Banque Cantonale Vaudoise (BCV) has become one of Switzerland's leading banks. We first started issuing structured products in 1999 and are now among the largest issuers in the country.

Our structured-products team works on BCV's trading floor – one of the biggest in French-speaking Switzerland with 75 traders.

And in recognition of our bank's financial solidity, in 2020 Standard & Poor's reaffirmed our AA rating, with a stable outlook, for the ninth year running. BCV thus ranks among the 25 best-rated banks in the world.

### Overview of AMC Access360
